ŠKODA SUPERB ACCESSORIES

MAKE THE ŠKODA SUPERB YOUR SUPERB.

The ŠKODA Superb isn't just a car. It's your calling card. Whether you are going to work or picking up your kids it will make an immediate impression. Thanks to our wide range of ŠKODA Genuine Accessories you can customise your car according to your everyday lifestyle.

WHEELS

The light-alloy wheels from ŠKODA Accessories illustrates a combination of quality, functionality and aesthetics. They undergo the same testing as series production wheels to ensure high quality and operational safety.

During the development and testing stage every possible situation that may affect the car is taken into account. Using FEM - Finite Element Method, (as shown on the simulated testing image of this light-alloy wheel) allows us to detect imperfections in firmness even before production begins. This enables us to achieve the maximum quality of ŠKODA Genuine Accessories products.

Did you know that textile floor mats from ŠKODA Genuine Accessories undergo the 'heel test'? This test simulates the action of the driver's foot on the accelerator, sinking the heel 5 mm into the floor mat in both dry and wet conditions at an angle of 45°.

The floor mats also undergo an additional load test in the form of a long driving test, and further focus is placed on the brackets fixing the front floor mats to the car upholstery. The tests are designed to verify the proper clip strength needed to enable comfortable handling by the driver, while keeping the floor mat in place despite the occasional application of force during the drive.

ROOF RACKS HOLDERS AND BOXES

When you get the basic roof rack from ŠKODA Genuine Accessories, your car will transport almost anything. Other roof systems and carriers can be mounted to the basic roof rack, such as bicycle racks, ski and snowboard racks or boxes and luggage cases. The basic roof rack dimensions and shape are perfectly compatible with the Superb model. The product's compatibility with the vehicle eliminates problems with installation or use. You will also avoid potential safety hazards that may occur when using non-genuine accessories.
